

Kristen,

Thank you for everything you do for our wonderful media center and our students. I have never seen so many kids into reading. On a personal note, thank you for the all the coffee, our chats, and for making fun of me and my kilt. If you are anything like me, and I think you are, you probably don't like recognition. So, my gift to you is donating this very popular book **in your name** for the kids to read. Have a wonderful holiday and enjoy your family over the break.

CAEHL
