

Digital Meeting

Meeting called to order @ 3:12 on 3/24/14

Sebastian Pre-Training :

- Training is focused on Wicker
- Shows how to utilize Marzano, but embedding technology
- Barriers and Advantages of 1:1 Technology
- Had to create a podcast as a reflection from training
- Had to post a detailed response using technology for feedback

Pilot School Preparation

- Showed video at Mr. Anderson's School for Fair Use/Appropriate uses not sharing passwords, what you post is permanent, etc. Good example of Digital Citizenship.

One Note

- Similar to Live Binders, through Office 365
- Allows multiple users to work on the same document instead of recreating multiple documents
- Calendars (Double Click, Click on Grey Bar and Drag)
- Others documents can be attached
- This should be used by sub-committees for documenting plans

Collaborate as table groups to discuss One Note
